প্রশ্নঃ- শারিয়া-ভিত্তিক ইসলামী রাষ্ট্রের দর্শন কি ইসলামি ধর্ম-বিশ্বাসের অঙ্গ?

উত্তরঃ- শারিয়া-ভিত্তিক ইসলামী রাষ্ট্রের কোন সমর্থন কোরাণে নাই।

প্রশ্নঃ- পাকিস্তান, নাইজিরিয়া ইত্যাদি দেশে যে শারিয়া প্রয়োগ করা হয়, তাহা কি ইসলামি ধর্মবিশ্বাসের অন্তর্গত? মুসলমান হিসাবে আমরা কি ঐগুলি প্রয়োগ করিতে বাধ্য?

উত্তরঃ- কোরাণের আইনকে কোন মুসলিম দেশেই মান্য করা হয়না। পাকিস্তান, নাইজিরিয়া প্রভৃতি (দেশ) শয়তানী ভেজালকে (satanic fabrications) মানিয়া চলে। কোরাণে যে ইসলামের কথা বলা হইয়াছে তাহার সহিত এই শারিয়ার কোন সম্পর্ক নাই।

প্রশ্নঃ- এখনকার পৃথিবীতে কি শারিয়ার প্রয়োজন আছে? মানুষের বুদ্ধিকে আমরা কি আল্লাহ'র নেয়ামত হিসাবে ধরিতে পারি, যেই নিয়ামত দিয়া মানুষ ঔষধ, প্রযুক্তি ও আইন তৈরী করিতে পারিবে?

উত্তরঃ- শারিয়ার কোন প্রয়োজনই আমাদের নাই। আমাদের প্রয়োজন কোরাণ, যাহা সর্বাপেক্ষা সাধারণ বোধের কিতাব (common sense book)। সাধারণ বোধ ইহাই বলে যে বিজ্ঞান সহ সকল বিষয়ে জ্ঞান আহরণ করিবার জন্য আমরা আল্লাহ'র উপহার হিসাবে বুদ্ধিকে ব্যবহার করিব।

Question asked by Razwan from United Kingdom on 26-Apr-2001.

Title:

Are the Prophets of God Necessarily the Political Leaders of their Respective People as well?

Answer:

Whether or not a prophet or a messenger would lead his people politically, **depends on** the circumstances faced by the particular prophet and, especially, the response that he gets from his people. **However, the important thing to keep in mind is that the prophets do not directly challenge the political set up of their people. Their direct concern is only the eternal well being and salvation of their addressees.**

If all the addressees of the prophet, including the existing political leaders, accept his call, then the prophet of God does not take away power from their hands. The rule remains with the existing rulers. However, because of their acceptance of the prophet's message, they rule according to the God's guidance given to them through their prophet or messenger. Thus, it is quite clear from the history of the prophets based upon the Bible that the people of Nineveh, including their rulers, accepted the message of Jonah - Yunus - (pbuh). After their acceptance of God's message, the rule of the land remained in the hands of the existing rulers, who ruled according to the guidance they received through Jonah (pbuh). Saul - Taloot - is another example of a king, who ruled the Israelites according to the directives of God, in the presence of one of the prophets of God - Samuel (pbuh).

If, on the other hand, the addressees of the prophets and messengers persist in their rejection of the prophet and refuse to submit to God's directives, then any of the following outcomes may result:

- In the case of prophets - Nabi - this rejection, is generally succeeded by the persecution and killing of the prophets and their followers. **Examples include Zechariah and John the Baptist - Yahya - (pbut);**

In the case of messengers - Rasu'l - this rejection is generally succeeded by the persecution of the followers of the messengers. However, in contrast to the prophets, the rejecters of the messengers are not allowed to kill the messengers. Even under these circumstances of extreme persecution, the messengers are saved from their rejecters. Finally, the messengers and their followers are directed to migrate from their land. After this migration of the messengers, the rejecters are subjected to a severe punishment. This migration of the messengers may or may not result in the formation of an Islamic state:

1. If the messenger has only a handful of followers and no existing

collectivity (organized state) is willing to accept his message, then the messenger and his followers leave their land for any given place of refuge. **This was the case with Noah, Lot, Saleh, Shu'aib (pbuh) etc.**

2. If, on the other hand, the number of the followers, migrating with the messenger is very large - **as was the case with the migration of Moses (pbuh)** - or if an existing collectivity accepts his message - **as was the case with the migration of Muhammad (pbuh)**, then an Islamic state is formed with the migration of the messenger. In both these cases, because the basic binding force of the newly formed collectivity is the messenger himself, therefore, **in this case, the messenger has to assume the role of the head of the newly formed state.**

It is, in fact, only in the last stated situation that the messenger is also the political leader of the collectivity formed by his believers. This role of political leadership is not assumed by the messengers in any other situation.

The case of Solomon and David (pbuh) is different from other prophets and messengers of God. Both Solomon and David (pbuh) are, in fact, two kings, whom God selected as His prophets, rather than prophets/messengers - like Moses and Muhammad (pbuh) - who due to their particular circumstances had to take charge of the collective affairs of their people.

I hope this would help.

শারিয়ার বিরুদ্ধে মুসলিম ।

ক্যানাডায় যাঁরা আইন বানিয়েছিলেন, তাঁরা ব্যবস্থা রেখেছিলেন যে উপজাতিরা (ক্যানাডায় এক্সিমো, মোহক ইত্যাদি উপজাতি আছে) আর ধর্মীয় সম্প্রদায়গুলো তাদের নিজেদের আইন মারফিক সালিসী কোর্টে গার্বস্থ্য এবং ব্যবসা-জনিত সমস্যাগুলো মিটিয়ে নিতে পারবে। তাঁরা নিশ্চয়ই ভাবেননি যে এই ফাঁক দিয়ে ধর্মীয় স্বেচ্ছাচক্র টুকে পড়বে। এখন সেটাই হয়েছে, বেশ কিছু মওলানা মিলে এ আইনের সুযোগ নিয়ে শারিয়া-কোর্ট বানিয়ে ফেলেছেন ২০০৪ সালের ১লা জানুয়ারী থেকে। এর বিরুদ্ধে বিক্ষোভ দানা বেঁধে উঠছে, এক সংগঠন ইন্টারনেটে দরখাস্ত ছেড়েছেন এর বিরুদ্ধে। ইন্টারনেটে এ ধরণের দরখাস্ত করা যায়। এতে যাঁরা সই করেছেন, তাঁদের মধ্য থেকে মুসলমানদের কণ্ঠ তুলে দিচ্ছি।

6. Yanar Mohammed **Moreover, we need courts to ban all discriminatory Islamic practices against children and women.**

11. Nadia **that should not happend, we urge all the civilian and decent**

people to stand against Shria law, not just in Canada, but evry where on the Globe.

29. Ezat Civilized world don't need barbaric and nomad rieg. Deposit Islamic laws (Sharie) in the same caves Talebans are living in and killing humanity.

33. Mina Behroozi Islamic law is against Huminity

45. khalil Afjeh Please have some integrity & do not deny human right. The religious laws violate the basic human rights

72. Dr.Saeed.Salehinia Islamic law ia inhumane and against Human rights

94. Khulia I'm completely against this decision and against Islamism .

104. Reza Saboor I, totally agree with you in prohibition of teaching religious subject in schools before age of 16

108. Omar Karimi Millions of people are victim of shari'a

111. Eqball Nazargahi Islamic law is against humanity

130. Neda Millions of people specialy women scape their Islamic countries to save their rights and lives from primitive and brutal Islamic laws. To allow it in Canada is against all human and women rights

169. Fateh Sheikh we need to revive secular society even in the most "progressed" western societies and of course elsewhere over the world.

194. Surma Hamid Chairperson of, organisation of women's freedom in iraq.Australia ,our full support to your campaign.

202. ali jnuby I'm against Shari'a Court in Canada and every where

215. Toma Hamid setting up shari'a court in canada is disaster. which must not happen

232. omid vaziri naran all free organization and persons are responsible we must learn religion is a privacy action

279. Sabah Raji Islamic law is antihuman law and it should be disapeared

298. Reza Nouri down with political islam

449. fatemolla sharia is suicidal for Muslims and evil to humanity.

477. Ghohar As a someone born and in Muslem family . I suffered enough.Both at my father and my husband's house, I went through emotional, verball and physical abuse on everyday bases.I had nowhere to go. Only in Canada , I could flee from my abuser. only court system in Canada put one of my abusers in prison and acknowledged me as a person and allow me to have the custody of my three children.

479. Fatah Islamic State inside a Secular State is just like a ridiculous joke

496. Nadia accepting Shari'a court means accepting to give away women's rights in general. means allowing fathers, brothers, uncles decide for girls what subjects to study, when to go out , when to marry and ... is this what women want ? I dont think so. in their meeting according to attawa citizen inly one woman was present.

495. Shahla I too ran away from my abusive husband. The court in Iran told me to please your husband with money. My husband wanted my father to buy him a house and a car then he would agree to divorce me. I still have all the documents that court has issued to me. I had no way but to flee from Iran with my only child who was two years old at that time. I don't want any women to go through Shari'a court ever. I like to be active in this campaign.

501. Mariam Only women from countries with Sharia on power can describ the SAVAGERY of shariia laws. This petition only tauched a fraction of what really happens to women in Islamic countries. soon there would be books written by these women who finally escape those countries.

563. Sheila This is riddiculous. There should NOT be 2 seperate laws...1 for muslims and 1 for non muslims. If muslims WANT to live in a non muslim country, ie Canada,the USA, France etc. then they MUST abide by the laws of THAT country. If they do NOT want to abide by the laws of a non muslim country the they should MOVE BACK to their own country. If I moved to a muslim country I would be FORCED to abide by their rules and not the rules of my own culture. Ultimately it is the muslims who are racist and intolerant and their agenda is to FORCE the rest of the world to live according to their rules.. This MUST

STOP.

582. Reza Behnod I have seen my mother and sister suffer under Shari'a law. I don't want it to happen to my children too.

663. Reza If people were happy with the courts or laws in their own (original) country, they would have stayed there. Many people, like myself, escaped religious tyranny, left their original country, and accepted living in a foreign land in order to live freely and not to be subjected to imposed religious practice. Keep the separation of church and state.

677. Amy-Lou ARE YOU NUTS??? There is a solution for people who don't want to live under secular laws, it's called GOING BACK TO THAT GOD FORSAKING COUNTRY YOU CAME FROM!!! Religion is a choice, not a hammer.

676. Shahla I was born in an Islamic family, I was pushed to marry at the age of 16, to a 55 year man who already had a wife and four children. He never stopped hurting me. At the age of 17, I had two miscarriages. First one at the age of 16, because he kicked me in the stomach and the second time he practically threw me out of the house. With the help of my family I filed for divorce. It took me four years of humiliation and pain plus more than \$20,000 US dollar payable to Shari'a court of Iran with no divorce paper in hand. With help of my brother I fled to Canada illegally. Just because my abuser, so-called husband would not sign the consent form therefore I could not leave the country without his permission. I chose Canada. This land supposed to be land of freedom for women like me. My life experience is the life of women living under the Shari'a law. I do all I have in power to stop it.

678. Nasreen As Shahla's friend. I'd like to add to her story that Shahla is at her final year studying family law. I admire her courage for speaking out. This campaign against Shari'a court must go on until religion becomes private matter, and gets separated from state and education.

677. Amy-Lou ARE YOU NUTS??? There is a solution for people who don't want to live under secular laws; it's called GOING BACK TO THAT GOD FORSAKING COUNTRY YOU CAME FROM!!! Religion is a choice, not a hammer.

861. soheila bayani i support fully seperation of reliogen from society and i believe reliogen has been killing machine for a centeries

856. Fatemeh(Mina) _Ahmadlo This low must be canceled

853. zahir we should prevent these beast from making nest

847. Azadeh abassi women from Islamic countries flee to Canada for safety. I wonder where would they flee if shari'a court gets approved.

845. Mulla Bahauddin I have my full support for the campaign you are submiting

844. Matin Ahmed I support this move and demands made.

829. Mondana student from open university Tehran Iran. I Canadians let this happen then we women who live in Islamic countries will grantee you that soon you will see women are being slash and even stoned to death. your civilization will go back to stone edege. it happened in Iran, Afghanistan and...

826. Nasim Student from open university Tehran, Iran. Only women who live in Islamic countries will know what Shari'a law does to their lives. we are under pressure contantly socially, ecconomically and politically. By law of Shari'a women's rights are next to nothing. I am suresecular people in Canada will not allow this tragic to happen .

899. Mersedeh Shari'a law is been practice in all different countries some ligally some iligally. we must stope them all. Religion is a privat issue it should not be consider as even family issue.

parents should not enforce religion to their children.

898. Mahnaz Bahari

shari'a court will not be limited in Canada.

901. Nasebeh

As a witness of Shari'a court who suffered alot. I go against it and I am willing to help this campaign.best wishes to you Homa and your organization

908. Syed

Canada must follow French Government banning religions symbols in state school and state institutions not allowing shari'a court . How would Canadian government agree to go against Women's and children's rights.

907. Homa Ghaderi Basketball instructor. I relay on ratical people to stop stop this move and all other reactionary move. Yes I strongly believe on covilised humanity

mehri hosseinee

AS a morher ,who has suffered because of Islamic laws in Iran ,I moved to Canada along with my daughter with this hope that she never be judged the same way,but now the nightmare of this new court has made me upset..

975. Jilla

I have been tried at Shariah court and suffered more than enough. yes to seperation of religion from all deparatments of government.

971. S.

Does not Canada respect and abide by it's own laws for women ?! Those who don't like to live under those laws should return to their own countries.

967. Sharhzad Houseini

To me this is another aattacked to civilised humanity. and must be stopped.

964. Leila

People from Iran escape to Canada to be free, not to be faced with a mirror image of the abusive Islamic "laws." Come on now! Let's be realistic this time.

962. hashem hakimi Religion is private affair, it should be kept as such.

950. Hamid I strongly oppose the decision of government of Canada to set up Shari'a court in Canada. This decision is an obvious step to destroy the secular society in Canada. This decision is against women rights in particular and against human rights in general.

943. Kazem Religious rules should be ousted from all levels of
Nik-khah social life

938. Bahram Soroush Sharia law is inhuman. Stop Sharia law.

1017 Schams, It's disgusting. Only a secular society is a fair and just to every citizen . Political Islam is against human rights and must be stopped.

1025. Shah Kamal I am against setting up the sharia court in Canada.

1007 Innaiah Narisetti(The petition very essential. While France is banning
Humanist from the scarfs and religious dress to children in schools,
India) it is regressive to have Sharia court in Canada.

986. salome many of us have left our beloved country due to those
Mohyeddin barbaric laws. It should not even be considered.
